

6th International Symposium on Otosclerosis and Stapes Surgery

25 – 27 June 2025
in Rostock, Germany

President

Univ.-Prof. Dr. med. R. Mlynski

Department of Oto-Rhino-Laryngology, Head and Neck
Surgery „Otto Körner“ Rostock University Medical Center

Invitation

Dear colleagues,

It is a great pleasure to cordially invite you to the 6th International Otosclerosis Symposium in Rostock!

Otosclerosis especially stapes surgery is one of the most fascinating aspects in Otolology. I am sure sharing current knowledge and scientific results in a comprehensive meeting will be both fun and forward the management of the disease at the same time. Structured sessions will cover a broad spectrum of current scientific and clinical topics: pathophysiology, audiology, prothesis design over surgery around the world to augmented reality.

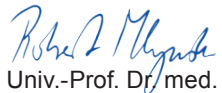

This symposium has traveled from Switzerland to France over Hungary to Poland. The latest meeting was hosted in Brussels last year. It is a great honor to welcome you from 25th through 27th June 2025 in Rostock, Germany.

Rostock is situated in the North of Germany, with the oldest University in the Baltic Region and the oldest University Department for Otorhinolaryngology in Northern Europe.

Take the opportunity to exchange experiences with scientists, surgeons, clinicians, engineers and audiologists who have a genuine interest in all aspects of otosclerosis and explore the Baltic!

I welcome you to the 6th international symposium in Rostock.

Univ.-Prof. Dr./med. Robert Mlynski
President of the Symposium
